

An Aikido Course with Kayla Feder 6th Dan

Kayla Sensei is vastly experienced, has an engaging teaching style and her aikido is powerful, smooth and efficient, as you might expect, given the great teachers she has studied with. It's really important to her as a teacher to be very mindful of what the founder taught and if you want a clearer insight as to what he saw as important, then Kayla Sensei will provide it.

Kayla Feder Sensei began her Aikido training in 1973 at the age of 9 and has trained continuously for 44 years. She studied directly under Morihiro Saito Shihan, 9th dan traveling to Iwama, Japan ...
